CONTINUING

GCAMHS
Adult Mental Health

2021 Semester 2 continuing students sequence

Students continuing their GCAMHS are recommended to follow the sequence below. This sequence will suit those students who are comfortable with a part-time study load of 300 hours across the three teaching periods.

For those students who would prefer a lower study load, the specialisation units with a grey background are only available in teaching periods 4 - 6 and will not be available in the first half of next year. You should choose your study pathway accordingly.

If you would like any help with choosing your study pathway, please contact support@heti.edu.au

	TP4	TP5	TP6
AMH	Anxiety and Depression 8AAF070	Trauma and Stress Related Experiences 8AAE080	Adult Mental Health Conditions 8AAF073
	Strength-based assessment and care planning 8ALF002	Diversity and Mental Health 8ALK009	Psychosis in Adults 8AAF072
