# HETI Higher Education Professional Development 2021

HETI Higher Education offers a number of professional development (PD) opportunities as stackable credit units. These units are of 50 hour duration and available over 5 – 10 weeks depending on your available study time.

The units can be completed as participation (PD) or stackable credit (can be used towards degree completion). Each unit is worth 50 hours of study and up to 300 hours can be completed before entering a formal award course, which requires 600 hours to complete.

## Short Unit Types

There are three types of short units: Knowledge, Foundation, and Enhance. Each of the short units are

classified according to the specialisation they cover in the Applied Mental Health Studies courses. The Lifespan units are applicable to all specialisations including Perinatal and Infant Mental Health (PIMH), Child and Youth Mental Health (CYMH), Adult Mental Health (AMH) and Older Persons Mental Health (OPMH).

## Fees

Each Knowledge unit is \$500; Each Foundation or Enhance unit is \$885. PD units require payment before study is available.

## How to enroll

To study the PD units, you need to apply through **myHETIconnect**.

## Availability of Units
