

CONTINUING

GCAMHS Child & Youth Mental Health

2021 Semester 2 continuing students sequence

Students continuing their GCAMHS are recommended to follow the sequence below. This sequence will suit those students who are comfortable with a part-time study load of 300 hours across the three teaching periods.

For those students who would prefer a lower study load, the specialisation units with a grey background are only available in teaching periods 4 - 6 and will not be available in the first half of next year. You should choose your study pathway accordingly.

If you would like any help with choosing your study pathway, please contact support@heti.edu.au
