Our Applied Mental Health Studies **Graduate Certificate**, **Graduate Diploma** and **Masters** courses are ideal for professionals and workers at all levels who have a passion for improving mental health and wellbeing, including but not limited to:

- Nurses
- Allied Health
- Educators
- Aged Care workers

Why Study with HETI?

Your learning experience will be enriched through HETI's commitment to:

- Excellence in student-centred postgraduate education delivered entirely online by academics and clinicians with content expertise to meet the needs of the four life span specialisations.
- Recovery-oriented, contemporary, evidence-based curriculum.
- Learning alongside other mental health practitioners and professionals from a range of disciplines, backgrounds and settings.

- Developing mental health practitioners equipped for interprofessional practice.
- Application to practice supported by activities and exercises focused on the development of real-world skills.
- Flexible study options and online resources.
- Student support – we're small enough to know you personally.

Award and Professional Development Units

You can elect to take a degree pathway to a Graduate Certificate, Graduate Diploma or Masters in Applied Mental Health Studies, or enrol in professional development units for training purposes which can go towards a degree should you decided to continue with your studies.

Learn in your time alongside professionals

Delivered in an online learning environment, these courses offer students the opportunity to study at their own pace. Interprofessional collaboration via online forums encourages open discussions and regular communication. Faculty staff work alongside students, supporting them to manage their study and achieve their goals.
